LITTLE LEAGUE INTERNATIONAL REGIONAL ROUNDTABLE AGENDA

Item 1 – Affects Regulation II – LEAGUE BOUNDARIES – New Regulation – II (h)

The Board of Directors of the local Little League may enroll a player whose residence is outside the league’s boundaries, but only under all four of the following conditions: (1) the player has residence within another chartered Little League's boundaries, (2) the league where the player resides releases and waives all current and future rights to the player for regular season and tournament eligibility, (3) the District Administrator approves the request and (4) the leagues and District Administrator determine the player in question has presented a “justifiable reason”. NOTE: A player who qualifies for and exercises this waiver, then elects not to participate for a playing season, is not eligible to be retained in future seasons.

Regulation II (h) – Processing Procedure – All Levels of Play

The league president will process a II (h) form. Once the president completes the form, he/she must receive written notification from the league where the player currently resides as outlined above. The league president will present this form and written notification to the District Administrator for review and approval. Once the District Administrator verifies the documentation meets the regulations, the District Administrator may sign the II (h) form granting his or her approval. The league and the district will maintain the form and documentation in their files. This verification process is only required once during a participant's career. The league must maintain this form and documentation for this player for the duration of his/her career until the player graduates from the program or breaks service with the league. Tournament teams with players qualifying under this regulation will be required to carry a copy of this form and documentation with them throughout the tournament. If contested during tournament play, the league will be required to produce the documentation. Additionally, if it is determined at a later date that the player does not meet the conditions of II (h), the player is ineligible for further participation. Situations in which documentation is not available must be referred to the Charter Committee through the regional office for decision. The decision of the Charter Committee is final and binding.

Synopsis: This regulation would allow leagues to register players who live in another chartered Little League’s boundaries, with written consent from both league presidents and the District Administrator for Regular Season and Tournament play.

Item 2 – Affects Regulation IV (a) – THE PLAYERS – Baseball

50/70 Division: Any candidate who will attain the age of 11 years before May 1 and who will not attain the age of 14 before May 1 of the year in question shall be eligible to compete in the 50/70 Division (subject to the local League Board of Directors alignment of this division). This means that a child who will be 14 years old on May 1 or later, is eligible to play that year; a child who will be 14 years old on April 30 or earlier will not be eligible for either Local League play or Tournament play at any time during the calendar year in question.
A league age 11 or 12-year-old player who is otherwise eligible under all conditions would be eligible for selection to either the Major League or 50/70 Division tournament team. However, a local Little League’s board of directors could decide that players league age 11 in the league will not try out for the 50/70 Division, and will be eligible for only the Little League (“Majors”) Division/Minor League Division.

A player may be selected to participate in one or more regular season games on a Major League team and/or a 50/70 team. If a player participates in sixty (60) percent of the Regular Season games in each division as of June 15, he/she will be eligible to participate in either the Major or 50/70 Division for tournament play.

If a player only participates in sixty (60) percent of the Regular Season games in one division (Major or 50/70) as of June 15, he/she is only eligible to participate with that particular division in tournament play.

A player may only be selected to and participate with one (1) tournament team.

**Synopsis:** This would create a new baseball division with a 50-foot pitching distance and 70-foot base paths for 11-13 year olds. Additionally, it would allow players league age 11 or 12 to play in the Major Division and/or 50/70 Division, if drafted at the same time. Players would be eligible for tournament selection to either division if they meet the Tournament Player Eligibility Requirements as outlined.
