

The Little League Umpire

It's a valued role the umpire plays in Little League. This school plays an exciting, decisive, and challenging role vital to the success of every Little League organization. Its commitments are challenging, but the personal rewards are satisfying.

Appreciating the significance of the umpire in both the proper conduct of the sport and the development of today's youth, the need to provide competent, dedicated, volunteer umpires becomes increasingly evident. Those who take time to exhibit concern and interest are to be commended for their efforts.

But the position seeks a special kind of person. Not a demanding, overbearing personality, but rather one sensitive to the concerns of youth.
