

LOCAL LEAGUE ACCOUNTING PROCEDURE

Funds raised anywhere in the name of Little League® constitute a valid trust. Sources (revenues) and uses (expenses) of funds raised must be recorded properly and appropriate actions taken to safeguard these funds. To help local leagues establish and maintain financial records, the following accounting procedure has been prepared and is offered as a guide. It is suggested that every league adopt a plan or some reasonable modification of this procedure to suit circumstances of local administration.

It is the responsibility of a league's Board of Directors to require its Treasurer to keep accurate financial records and make adequate financial reports monthly, a final report once a year at the close of the fiscal period, and file tax forms to meet the federal and state requirements.

Effective at the end of the current fiscal year (normally September 30), each league will furnish the District Administrator and Little League International with a copy of the annual financial report. The financial report must show receipts and payments for the year and the financial status of the league at the close of the fiscal period.

It is recommended that the league secure the services of a Public Accountant to set up such books and records, and assist the Treasurer in the proper recording of transactions and the preparation and audit of financial reports.

All funds received must be deposited in a bank account; all payments must be by either check, Automated Clearing House (electronic check), or credit/debit card. Two signatures are required on each check - that of the Treasurer and that of another officer or director.

To assist in setting up audit records for the league, the following chart of accounts and sample statements are suggested. It may be desirable to expand the chart of accounts if the league wishes to break down the items by Minor, Major, Intermediate 50/70, Junior, and Senior League Baseball; and Minor, Major, Junior, and Senior League Softball operations. Leagues that have no property will delete those accounts that do not apply to their operation.

SAMPLE CHART OF ACCOUNT FOR LOCAL LITTLE LEAGUE ACCOUNTING RECORDS

Current Assets:

- Checking Account
- Savings Account
- Petty Cash
