

## **2021 Sports Connect Pre-Season Checklist**

- ***Cleaning up your site after your off-season***
  - [Add or remove your new or old board members on the site](#)
  - Update your website to the [updated Little League custom web design, featuring the new Little League logos and design!](#)
  
- ***Preparing for your season with Sports Connect***
  - Sports Connect has worked on many creative ways to assist local leagues to open registration, even during uncertain times:
    - Option to start a [waitlist](#) with 0 participants. Participants won't be charged a registration fee until they are activated from the waitlist.
    - Further flexibility to [edit payment plan](#) dates if needed
  - [Copy or clone your previous year's registration form](#)
  - [Ensure Little League integration steps are correct](#) – it is important that you properly note your affiliation with Little League® during your set up process, to ensure all the custom features created especially for Little Leagues, such as boundary mapping, background check integrations, and automatic submission of registration data are available to you.
  
- ***What's new for Little League partners this season?***
  - [New Little League custom web design](#)
  - **Updates to JDP background checks** - Little League, Sports Connect, and JDP have integrated to create a seamless process to allow individuals to easily sign up to volunteer during their child's registration process, as well as making it easier and safer than ever for league admins to conduct background checks and approve volunteers for service
